

# RUMORS RIFE ON NAVY BASE

No More Accurate  
Data Available On  
Project At Tahoe

No Change In Plans For  
Naval Base Reported  
By Authority

## Bulletin

As we went to press today, word came from a reliable source saying that Tahoe had definitely been decided upon for the Naval Base and that work would be started soon.

The source of this information can not be divulged but is reliable.

Aside from a variety of rumors none of which can be traced to an authentic source, there is nothing new to report concerning the proposed construction of the naval base at Tahoe City. So far as can be ascertained, there is no change in the original plans as announced in this paper three weeks ago. Engineers were scheduled to arrive at Tahoe between the first and 15th of May to conduct the preliminary work. They had not arrived late yesterday but were expected.

The two naval officers, Commander John Giles Burrow of the navigation bureau and Lieut. Claire Sheldon Tucker of the bureau of yards and docks, who made a summary examination of Pyramid Lake at the urging of Nevada representatives last week, were killed in an airplane crash near Salt Lake City en route to Washington and the results of their survey were not immediately learned.

A report that the engineering firm of Punnett, Perez and Hutchison of San Francisco has made tentative arrangements to lease the Tahoe Community Center for an office and chart room could not be verified, nor could a rumor that the Southern Pacific was contemplating extension of their Tahoe branch a distance of 14 miles. Other similar rumors were traced without verification.

One fact which might have bearing on the proposed station is that the Southern Pacific is making improvements on its Truckee-Tahoe branch but this may be only routine work and have nothing to do with the proposed base.

## Eagles Will Present Corsages At Church

Through the courtesy of the Truckee Aerie 1124, Fraternal Order of Eagles, a corsage will be presented to every mother present at the morning worship at the Community Methodist Church next Sunday—Mother's Day.

## Separate Fire District At Tahoe Is Authorized

The Placer County board of supervisors granted the citizens of Tahoe City authority to form a separate fire district and appointed John D. Burns and Carl L. Bechdolt as fire commissioners.

The board acted on a taxpayers' petition filed by the citizens of Tahoe City asking that the district be formed.

Tahoe City was represented at the board meeting by C. W. Vernon, N. R. Mayfield, Robert Huston.

## Dinner Prices Advance At Donner Hotel

Because of the advance of commodity prices, Pete Lazzari of the Donner Hotel has announced that prices for Italian dinners at that establishment have been advanced to \$1.25 for Saturdays and Sundays. The same high quality meals are being served, Lazzari declared and prices of food stuffs make the old price for meals unprofitable.

## Women Will Assist In Observation Work

H. G. Loehr, chief observer at the Truckee Ground Observation Corps post, has announced that as a result of a meeting of group leaders held Friday night, it has been decided to accept the offer of Truckee women to take charge of the observation post between the hours of 10 a.m. and 4 p.m., the men to continue operations during the balance of the 24 hour watch. The new plan is being inaugurated to relieve the men who are finding that with the opening of the summer season, their time is well taken up. The women may volunteer with Loehr for the important defense task.

## Sierra Beams

by WALTER M. BARRETT

Because of unusual weather conditions, high water and restrictions on tires, the opening of the trout fishing season here was a bit slower than usual and as a result fewer limits were caught. However, it was proved that the streams and lakes hereabouts are well stocked by the fine catches reported. The season is hardly started and it may well be expected that within the next few days excellent angling will be experienced. We can still claim the best trout fishing in the west.

Unfortunately we cannot verify the hundreds of rumors which come in regarding the proposed naval base for Lake Tahoe. We are confident that nothing has been done to change the location of the site, but are equally sure that very few, and those only having highest knowledge of the program, are sure of anything.

The request of army officials that local liquor dealers cooperate in not selling more than a minimum amount of beer to men in uniform should win the wholehearted support of everyone in Truckee. Unless it does, we face a serious situation and considerable valuable business will be endangered. It is well to heed the wishes of the officials and not attempt to make an issue of the matter. Violators should be reported immediately.

## Telephone Contract Job Here Will Take 75 Laborers On Monday

With Truckee as headquarters, a large crew of men will start Monday on an all-summer contract job for the Pacific Telephone and Telegraph Company in this district. Contractor Waring of Portland, Ore., who will be in charge of the work, was here this week conferring with officials of the Truckee Chamber of Commerce relative to employing men and securing a headquarters location.

Waring indicated that he would employ 75 men for labor at 85 cents per hour with extra pay for overtime, which would run the weekly pay per man to about \$54.

Headquarters will be at the Stone Garage and applicants may apply there for work or information.

The job will continue until the first of September at least and will give Truckee a \$4,000 to \$6,000 a week payroll during that time, it is estimated.

## ELMER STEVENS TO ADDRESS GROUP FRI.

The regular meeting of Truckee Union Parents and Teachers Association will be held at the high school Friday evening, May 8, at 7:30 p.m. Elmer Stevens, of the Grass Valley High School faculty, will be the speaker of the evening. Also, Albert C. Thomas, who has just returned from San Francisco where he attended a meeting of the state organization boosting the sale of War Stamps and War Bonds. He will talk about 15 minutes to explain the new plan for increasing sales of these vital stamps and bonds. Stevens speaks under the auspices of the Public Information Committee of the Nevada County Civilian Defense Council.

## Correction

I would like to correct a statement which appeared in the last week's issue of the Sierra Sun: I am not a candidate for re-election as a member of the Board of Trustees of the High School.

I wish to express my thanks and appreciation to the voters of the Meadow Lake Union High School District for their loyal support in past elections.

## WYETHIA TO HOLD FINAL MEETING THIS AFTERNOON

Mrs. Charles McDonald of Woodland made a special trip to Truckee today to address the members and guests of the Wyethia Club at two o'clock this afternoon. Her subject will be "Your Child and Mine."

Mrs. B. R. Jordan and Mrs. W. F. Wilkie, Sr., will be the tea hostesses. The meeting will be the last afternoon session until the fall season and will feature the election of new officers.

74th Year, Number 13

## High School Class To Present N. Y. Hit Comedy Soon

Fly Away Home Will Be  
Presented May 15  
By Students

The Senior class of Meadow Lake Union High School will present their annual play, "Fly Away Home", on May 15 in the grammar school auditorium.

"Fly Away Home," a three-act comedy by Dorothy Bennett and Irving White, was first produced in New York and had a successful run on Broadway with a distinguished cast headed by Thomas Mitchell.

The members of the local cast are as follows:

Harmer Masters .... George Keetch  
Buff Masters .... Clarabell Lewis  
Linda Masters .... Elizabeth Gates  
Corey Masters .... Jim Leamon  
Penny .... Phyllis Marts  
Tinka Collingsby .... Leta Tennis  
Johnny Hemling .... George Kamp  
James Masters .... Harry Digesti  
Armand Sloan .... William Marts  
Maria .... Azad Joseph  
Gabriel .... August Esola  
Taxi driver .... Nick Sassarini  
Nan Masters .... Laura Angelini

Other students participating in the production as stage hands are Kenny Foster, Dick Weeks and Verna Pearson. Miss Anne Munro is the faculty advisor and director of the play.

## IMPROVEMENTS AT DONNER RESORT

Louis Budo and O. A. Osmundsen, partners at Donner Lake Resort were here this week making arrangements to have considerable alterations and improvements made at the popular vacation center. Among other things, the recreation hall will be moved to adjoin the highway and the office will be located across the street but on the same side of the highway where it now stands.

A number of other improvements will be made adding to the convenience and comfort of the resort.

The resort will be opened the latter part of this month, it was understood, depending upon the time it takes to complete the alteration and get ready for the summer travel.

## New Equipment Adds To Fontana Laundry

Augmenting what was already considered one of the most completely equipped and modern laundry and dry cleaning plants in California, A. P. Fontana of Fontana's Laundry, has recently installed three new streamlined automatic presses and a trouser shaper in the establishment. The laundry and dry cleaning units are equipped to handle not only a huge volume of work, but take care of it in the most modern and scientific manner.

## CHARGES FILED AS YOUTH RECOVER FROM SHOT WOUND

Grand theft and burglary warrants against John Sanchez, 19, who was wounded two weeks by a bullet fired by Patrolman Melford Peterson of Truckee, were filed in Humboldt.

The warrants were served on Sanchez while in the county hospital at Nevada City. Upon recovery he will be taken to Eureka for trial on charges of stealing an automobile two accordions and a guitar.

Officer Peterson shot Sanchez when the latter sought to escape following his arrest in the stolen car near the junction of U. S. Highway 40 and State Highway 20.

## DEFENSE COUNCIL MEETS

A routine meeting of the Truckee Civilian Defense Council was held yesterday afternoon with Chairman F. W. Galienne presiding. C. K. Hefner, county coordinator, was present to explain the programs being enacted in the county.

## Nat Quilici Is No. 1 Angler Opening Day

Dave Cabona Second With  
Limit From Truckee  
River

Nat Quilici, driver for Fontana's Laundry, was again the first local angler in with his limit on the opening day of trout fishing season. Quilici brought in his 10½ pounds of trout by 6:30 Friday morning. He is one of Truckee's leading bait fishermen and reported catching the nine beautiful rainbow "some place in the Truckee River." Dave Cabona was No. 2, getting his usual limit on the river near Boca.

Several local nimrods reported nice catches opening day, including a number from Boca reservoir. The artificial lake at Boca is open 1,000 feet from the dam to shore fishing only. The California Fish and Game Commission has ruled off all boats as a defense precaution.

While fishing locally is generally excellent, Game Warden Bill LaMar reports a sharp drop in the number of anglers from last year.

"On Sunday I walked as far as I did last year on the corresponding day to check 50 fishermen," LaMar said, "and only checked seven."

Tire rationing, cold weather, defense work and the denial of licenses to enemy aliens are mainly accountable for this year's poor turnout.

A notable difference between this year's season as compared with that of last was the small number of Loch Leven trout that were caught, of which only three percent were seen in 1942 as against 21 per cent in the prior year.

## Chamber of Commerce Charts Busy Program

At a meeting of the directors of the Truckee Chamber of Commerce yesterday afternoon at Bank of America, the appointment of Mrs. Vivian Gregory as secretary for the organization was approved and a tentative program of activities outlined. The chamber office will be located in the office of the Truckee Public Utility District which is contributing to the extent of the salary of the secretary and the office space.

A meeting of the directors will be held each Friday afternoon at 3:30 at the office to discuss the tentative program of promotion and civic development.

Yell Nobles was appointed treasurer and E. L. Loynd was named vice president of the board. Other directors are W. M. Barrett, chairman; A. P. Fontana, C. Edmunds, who is acting as manager, F. W. Galienne and V. C. Shattuck.

## MRS. STEWART IS HONORED AT MEET. OF EASTERN STAR

Hannah Stewart, deputy grand matron of the 8th district, made her official visit to Truckee chapter No. 116, O. E. S., on May 5th. The ritualistic work was exemplified in its entirety and the officers were commended for the efficient manner in which this was performed.

The gift presentation to Mrs. Stewart was given by Clara Greene, the worthy matron, and Thesia Buddle, associate conductress, assisted by the star points, Charlotte Bleish, Helen Bottel, Ametta Cabona, Mora Marts and Edith Deaton in a vocal number composed especially for the deputy, to which Mrs. Stewart gracefully responded.

Many jurisdictions were represented by the 26 guests.

Mrs. Stewart honored the past grand officers of Truckee chapter by gifts and well-chosen remarks. These honorees were Sarah Marshall Richardson and Lotta Bryant, former deputy grand matrons, Elizabeth Wilkie, past grand Martha, and Annie Tonini, past grand sentinel.

A banquet at Goodfellows' Caf. preceded the meeting and refreshments were served at the close.

## Hi-Y Convention Draws 40 Inter-Mountain Youth To Truckee On Saturday

Tahoe, Truckee High School Students Elected to Office  
At Third Annual Youth Conclave To Be  
Held In Truckee

by ELEANOR SWANSON

Interesting and instructive was the third annual Mountain Area Youth Conference held here on Saturday in the auditorium of the Truckee Grammar School. Approximately 40 persons attended, representing Tahoe, Truckee, Reno and Roseville high schools. Representatives from Grass Valley and Nevada City failed to put in an appearance, and a track meet slated for the same day at Auburn is believed to have prevented that school's attendance.

Rudy Abrecht of Marysville, director of the Mountain Area YMCA, was in charge of the program, assisted by Rev. G. J. E. Keetch of the Truckee Community Church and Lee Wilson, program expert for the South west Pacific Area. Rev. Bert C. Williams of the First Christ Church and YMCA of Reno and leader of the Mohawk Indian Club of that city delivered the keynote speech to the group.

Group singing was enjoyed before the Tahoe panel led off the morning's session with the topic "What is this war all about?" The panel members were the Misses Betty Woodruff, Billie Jean Gibson, Annie Galierani and Lee Stoddard.

Other pupils attending from Tahoe included Robert Wathen, Dick Carnell, Dick Hinkle, Jimmie Swanson, Curtiss Stoddard, Rex Tollefson, Minola Tackett and Shirley Moore. Mrs. Bliss Hinkle, their teacher, and Mrs. Eleanor Swanson also accompanied the Tahoe group.

Glen Menu, president of the Reno Hi-Y Club, was elected president of the 1942 Conference. Similarly elected were the new vice president, Lee Stoddard of Tahoe, and Miss Frances Polyanich of Truckee, secretary.

Elections concluded, the Reno Hi-Y panel, consisting of Harold Hilt, Glen Menu, Peter Yee and Robert Hildebrand, introduced by their club advisor, Kenneth Miller, presented their subject for discussion—"Which Way Democracy?" Lively and varied were the opinions expressed with the Reno group showing intelligent familiarity with their subject.

Recess was taken at the conclusion of Reno's panel discussion, the entire group assembling for photographs on the front steps of the school. Intermission was made enjoyable by cases of cold drinks, donated by William Englehart, Sr., of the Coca-Cola Bottling Company of Truckee.

The last panel discussion was presented by the Truckee group which was comprised of the Misses Elizabeth Gates, Clara Bell Lewis and Frances Polyanich, and Harry Digesti and George Keetch. Their subject was "Propaganda" which was well presented and brought forth much interesting and little known sidelights on the war and proved a lively topic. Summarizing was made by Mr. Miller, Mr. Jennings and Mrs. Hinkle.

A tasty dinner was prepared by the Truckee ladies and served in the school auditorium around 5:30, more than 40 being present. A vote of thanks to Truckee for her friendly hospitality was tendered Rev. Keetch, Principal G. E. Hofmann, Miss Anne Munro and others contributing to the success of the conference.

Following dinner, Lee Wilson made the presentation of the National Hi-Y charter to the Reno boys' club.

Piano accompaniment for the day's singing was provided by Mrs. Dave Cabona at the morning session and Miss Verna Pearson in the afternoon.

The conference ended with an inspiring address by Mr. Wilson and a benediction by Rev. Keetch.

## Emerald Bay Ready—

Nelson Salter's Emerald Bay Camp is being prepared for the summer season.

## COOPERATION IS REQUESTED IN SALE OF LIQUOR

Cooperation of local and nearby liquor dealers is being requested by officers of troops stationed in this area to prevent Truckee from being placed "out of bounds" for military men. The bars and liquor dealers are asked not to sell men in uniform distilled liquor or wine in any shape either by the drink or package. Sale of beer will be tolerated if not sold in excess, the officer stated.

Recent cases of intoxication caused the warning to be issued and while cooperation is asked now, the officer declared violation will result in placing the entire town "out of bounds". This would mean that men in uniform would not be permitted to visit the town for any purpose whatever and the limits would be hard to raise. The chamber of commerce has been asked to cooperate in the matter.

Once a district is placed out of bounds by the military, the state board of equalization has the power to summon all licensees in that district to show cause why their licenses should not be suspended, Russell Farley, official of the board, said.

## WEEDEN INSTALLED AS COMMANDER OF TRUCKEE LEGION

Bert Weeden took his seat as commander of Truckee Post No. 439, American Legion, at a meeting held Tuesday night. He replaced C. R. Heller, past commander. Other officers chosen and seated at the meeting were Frank Holt, vice commander; E. A. Parker, adjutant; Frank Kinne, finance officer; H. G. Leehr, service officer; Pete Borsi, sergeant at arms; H. O. Anderson, historian; Fred Van Noyes, chaplain; Charles Pierce, building custodian. The building committee and executive committee will be named later.

Jimmy Swanson of Lake Tahoe was presented with a \$25 war bond by Commander Heller for having the best slogan in a recent state-wide conservation slogan contest. Mr. and Mrs. Charles Swanson attended the meeting to see their son signally honored.

## Evaneglist Killed When Car Leaves Meyer Grade

Rev. Grace Edwards, evangelist of the Church of the Nazarene, was killed Tuesday night and her companions, Misses Alice B. Lewis, Emma Gilbert and Vivian Shaffee, suffered serious injuries when their car and trailer were wrecked when the brakes failed on the Meyers Grade on Highway 50.

Rev. Edwards, the driver, was killed instantly. The others suffered fractures of their arms, hips, ankles, and cuts and abrasions.

The group was en route from Sacramento to Gardnerville. The injured were taken to a Sacramento hospital.

## TAHOE UTILITY ELECTION

N. R. Mayfield and E. J. Tomin were elected directors of the Tahoe City Public Utility District Tuesday without opposition. The third director is Chairman C. W. Vernon, has two years to serve.

# EDITORIAL

## FISHERMAN'S LUCK

Millions of California trout don't know there's a war on—and 100,000 anglers, whipping the waters of a thousand streams and lakes are as nearly forgetful of the cares of the times as is possible. And the fish are biting like sixty this first week of the major trout season, according to most reports throughout California.

But the fisherman's luck holds even better than all that. Most apprehension that war regulations would almost kill fishing this season seems happily baseless. Of course, there are restrictions. Closed to fishermen and other people are distances ranging from 200 feet to one mile around power houses, dams, penstocks, forebays, tunnels, canals, ditches, flumes and other hydroelectric structures. Many irrigation systems are included in prohibited areas, as well as most railroad rights-of-way and some forest areas. But the regulations of General DeWitt and the regional forest authorities leave California rod and reel addicts plenty of places for fishing in the peace, tranquility and old hats that restore a man's soul.

So, all in all, things are pretty hunky dory. Just watch out for restricted districts—and good luck.

## THE GHOST OF COVENTRY

Up to last week, the Nazi bombing of ancient Coventry in England stood out as the most merciless and murderous punishment ever dealt the people of a non-military city in world history.

Up to last week, Hitler himself occasionally referred to Coventry's punishment as a sample of what he would deal to cities of other countries that had opposed him or might oppose him.

Last week came the British bombing of Rostock. This bombing became the hushed, frightened talk of Berlin. A munitions-making city of 115,000 so smashed and burned that the population was being evacuated. Thousands killed. Many thousands buried in flaming ruins. More and heavier raids daily by British bombers, clouds of bombers. And American bombers also coming soon—thousands and thousands of them . . . coming to the skies above German cities.

The Nazis do not boast of Coventry any more. Perhaps they try to forget it. They are thinking of Rostock—and they know that the ghost of defenseless Coventry lies over Berlin every long, fear-ridden night.

## MY PLACE IN THE SUN

by DOUG BARKETT

In last week's Sierra Sun it was stated that Mrs. Lotta Bryant, clerk of the Meadow Lake Union High School board of trustees, was a candidate for re-election in the forthcoming balloting on May 15. I have it on very reliable inside dope—from the lady herself—that such is not the case. It just won't seem like the high school board without Mrs. B as clerk but it is her will to retire and anyone who knows her as I do knows that when she has made up her mind the four winds and wild stallions will not change it. Mrs. B has given many years of valuable service to the school and has disproved the back-woods theory that you have to have children in school to take an interest in it. I only hope that we can secure half as competent a trustee to replace the retiring clerk. No one will be able to appreciate her services until she has left the board, but just wait and see and don't forget, "I told you so."

STREET SEENS: Kingsbeache. Daro "Rocky" Rockholm in town

doing his banking . . . Jack Noonan coming down off of air watch . . . Mrs. George Hinkle and Mrs. Charles "Swanee" Swanson in Truckee for the youth conference Saturday . . . Keith Weeden home for good after a flyer at a defense job . . . was at Sody Springs Sunday with Charlie Brunk and found a number of hardy habits of the glorified barrel slats on hand . . . Highskullers Sam Costa and Harry Digesti nobly striving for moustaches with a pubescent result (look it up, fellas, I had to) . . . Dr. C. C. Cozzalio exhibiting a trout bent double in his creel with both ends protruding . . . and Chas. Pierce with one that wouldn't go into a basket.

Add smiles: As modest as a candidate's announcement.

A speaker at Saturday's youth conference at the grammar school spoke on youth's place—or misplace—in the post-war and war world. Among other things, he criticized those in power and hinted that they had made an awful botch of things and that the militant high school youth of today must save the world from itself. No matter how bad things may seem now, we have made constructive progress every year. Even though war is more horrible and wide-spread than ever, we live in a better world and are NOW building an even better one. We are not fum-

## DALE CARNEGIE'S COLUMN

Have you read a good book lately? Are you letting day after day go by, without getting some useful knowledge from a book? There is no better way to forget the harvest of death in Europe than by losing yourself in a helpful, stimulating, mind-quickenng book.

Thoreau, philosopher and nature student, was arrested and thrown in to jail for refusing to pay poll tax. The government was supporting human slavery; it was backing a war with Mexico. Should a person support such a government? The more he thought about this, the more aroused he became, and finally he wrote an essay on Civil Disobedience.

Years passed; the essay was forgotten. But it had fallen into the hands of a lawyer in Durban, South Africa. He read and reread it. His reaction to what he found in that book shook the British empire, for that man was Mahatma Gandhi. He took the idea back to India with him and the principle of passive resistance was established. One book had completely changed Gandhi's life.

A young man in England found himself out of a job. He did not waste time by sitting around mooning while he was looking for work. Browsing around a second-hand store he found a book by Lyell called "The Principles of Geology." The young man knew nothing about geology, but he had an inquisitive mind and decided to study the subject, because he knew nothing about it.

He came across a theory which was new to the world—evolution. He was fascinated by it; he read on and on, and when he finally put the book away it was dawn. He slept a few hours, then pounced on the book again. He wanted to know more about this remarkable theory and he began the study of nature and animal forms. That man was Herbert Spencer and the book he wrote—"First Principles"—rocked the world. The one book on geology completely changed his life. Yes, just one book.

One day a mover in a covered wagon drew up before a ramshackle grocery store in Illinois. The roads were muddy, the wagon was heavy, and the man needed money; so he offered to sell a barrel of household plunder to for anything he could get for it. The half-owner of the grocery

bling in the dark, a the speaker intimated, waiting for a little child to lead us, but we have our goal in view. We are in a struggle against great obstacles that lie between us and that goal. Even if the statements he made were true—which is not to be admitted—it is bad war psychology to engender into the formative mind of the 'teen age youth a distrust of their leaders and elders before they are capable of acting on their own initiative. The older generations have not bungled disastrously but because they must some day pass on the torch of progress to those who, by education and talent, are able to carry on.

## Hats Off!

"PARIS CALLING" Every foreign-made automobile in Hollywood was rented for the thrilling scenes of the evacuation of the French capital in "Paris Calling." The vehicles, all sizes and types jammed the roads for the scenes which were taken at night. To add to the confusion more than 1,000 extras with various pieces of household effects, animals and pets, and almost every type of hand-drawn wagon helped make the scenes realistic.

One thousand California doctors are already in uniform and 2,000 more are slated for military service soon.

store said he'd pay half-a-dollar and the man took it, larrupped his horses, and moved on toward the west.

The man who bought the barrel was Abraham Lincoln. When he dumped the barrel out to find what he'd bought, he found a set of Blackstone's Commentaries—law books. He was fascinated by them. He lay on his back in the shade of an elm tree, and pored over the books. They so stirred him that he decided to become a lawyer. Then he entered politics. His whole life was changed by the books he found in that barrel.

Why don't you read a good book this week? It may open up an entirely new life to you.

## THE MAN AT THE KEYHOLE

by OPERATIVE WB

No! No! A thousand times, No!—but thank you just the same—Justus Craemer, the popular publisher-railroad commissioner, will not be a candidate for Lieutenant Governor. There's no mystery about it; Mr. Craemer just thinks that a Lieutenant Governor is about as useful as a fifth wheel without a spare tire. Besides, he likes his job on the State Railroad Commission.

Very, very bad blood is developing our spy advises, between Governor Olson and his one-time friend, but current opponent, Senator Robert W. Kenny. The feud promises to erupt into a smear campaign that will simply curl your hair!

L. A.'s stormy pastor, the Rev. Robert P. ("Bob") Shuler, who has stirred up many a political tempest in days gone by, is on the warpath and threatening to run for Congress against Jerry Voorhis. Ruled off the air again with his radio, he plans to wage his congressional campaign on the issue of free speech.

San Francisco has 390 acres in farm lands.

## "WE LIVE IN A LIGHT HOUSE"

A home in order to be properly lighted does not have to be ablaze with light. Modern Sight-Saving light simply means providing the right amount of light and the right kind of light for Seeing, Comfort and Beauty wherever eyes are used for work or play. You can make your home a house of Better Light for surprisingly little money. Why not try out Better Light in one room, with an I.E.S. Study Lamp in your child's bedroom? Remember good light today costs less than ever before.

## Tahoe Kwikies

The Southern Pacific ticket office is now open and the S.P. PMT express trucks are again operating for the summer season. Sam Neff, agent who was up last week, aid the express office would be opened within a few days, the earliest date it has been opened for some years. Mr. Ward is the new ticket agen for Tahoe.

Miss Helen Worden, daughter of the Henry Wordens of Ward Creek Camp, is now employed by the Farmers and Merchants Bank of Oakland where she is bookkeeper and typist.

May 6th was the last day the armed guard will stand watch over the bridge and dam at the Tahoe Wye. The guard house will be moved to some convenient spot closer to town and the civilian defense committee will take over in shifts of four hours each, their watch to rotate upon each turn. Plans are now being formulated by Constable Harry Johanson, but are not complete at this writing.

Mrs. Bliss Hinkle was absent from classes on Monday due to temporary illness.

Mrs. Meta Renner and daughter Betty returned to Tahoe on Monday from Los Angeles where they have made their home for some months past. Betty was class president of the 8th grade in the southland.

Several inches of new snow was deposited during the storm of Wednesday and Thursday last week a most unwelcome present from the weatherman who should be turning on the spring sunshine regularly right soon.

Howard Carnell of Tahoe City knows now the grief which comes with the loss of a beloved little dog. His pet and constant pal Diamond was run over and killed by an automobile on Friday night, near his home. No one was to blame...the little fellow had recently acquired the habit of following his playmate around and while Howard was crossing the highway the accident happened. He was given a fitting burial on Saturday evening.

Carl Brooks, former resident of Kings eBach and brother of Mrs. Bud Mandeville, has written friends at Tahoe from his new post at Mather Field where he is training to become an airplane mechanic. He is greatly pleased with his new surroundings and expresses a liking for army life.

James Wilson of Pomin's Resort was one of the lucky fishermen on Saturday in his district to be re-

# LAKE TAHOE News

## GOOD LUCK IS PREVALENT AMONG ANGLERS MAY 1 WITH SIX-POUNDER TOPS

TAHOE CITY, May 7—The majority of fishermen enjoying the opening of the 1942 fishing season at Tahoe appeared to have had a generous measure of good luck. The opening day was a bit windy and cold, but apparently ideal for local Izac Waltons. On Sunday a cold, brisk wind whipped up the waters of the lake, making the use of small boats extremely dangerous.

Among successful nimrods during the first few days were Fay Ellis of San Francisco, who spent the week end at the Milton Home in Sunnyside district; Carl Bechdolt, Jr., who managed to hook a beautiful 6-pound rainbow on Sunday; Art Sather and Lou Chesbro of Auburn, who spent Friday and part of Saturday at the Sather's Homewood home and reportedly took back to town some nice big ones both from Tahoe and from Boca Reservoir; Norman Brown of Rio Vista, a week end guest of the Paul Crandalls at Tahoe Park, who brought in a 5 1/4 pound Loch Leven from the lake; Bob Wallace of Tahoe, who caught a nice mess of little fellows from his own secret fishing hole and Charlie Swanson of Sunnyside, who seldom misses the limit on opening day. Mackinaws predominated among the catches.

The lake this year appears more promising than in some years past with big fellows, biting quite impartially. Salmon egg, plugs and minnows are proving the best lures. The Truckee river still runs too high for good fishing, but local men are looking forward to one of the best seasons of stream fishing in some years...a little later on.

The Bert Scotts spent the week end at their Tahoe home near Meins with a party of friends. Some success rewarded their fishing efforts.

Service Station Builder—N. R. Mayfield is the contractor for a service station being built at the entrance to Meeks Bay Resort. It will be complete for the summer trade.

warded with the limit of trout.

Mrs. Gerda Kvistberg is driving a lovely new Ford deluxe coach this week...purchased in Reno recently.

## Tahoe Socialites

by SWANEE

TAHOE CITY, May 7—MRS. MARTHA BURNS was hostess on Thursday afternoon at her attractive home at an informal afternoon honoring her former neighbor, MRS. BETTY STEVENS, in town for a few days. The Stevens have moved to San Francisco where Mr. Stevens has an excellent position.

Ladies who shared the pleasant occasion were MESDAMES LETA HULL, IDA SIMMONDS, STELLA WATSON, RUTH MAYFIELD, ARTHUR ABLES and ELISS HINKLE. Tasty refreshments were served during the afternoon.

**RETURN TO TAHOE**  
MR. and MRS. MATT GREEN, who spend their winters in Sacramento when not enjoying motor trips to interesting places, opened their home near Tahoe Tavern for the summer season.

**PREPARE FOR SEASON**  
MR. and MRS. A. B. JOHNSON have arrived at their Tahoe Park home to prepare for a busy summer.

**DROSTE IS BACK**  
HENRY F. DROSTE, who wintered in Oakland, was a visitor at Tahoe over Sunday. He will return to the bay region before returning for the season around mid-week.

**FROM SALT LAKE CITY**  
MRS. CHRISTIAN B. PEDERSEN will arrive from Salt Lake City where her physician husband is working for Uncle Sam, to open the attractive family home in Tahoe Park for the summer. She will be accompanied by her small daughter, MIETTE.

**DRIVE TO FOLSOM**  
MR. and MRS. ROBERT WATSON of Tahoe motored to Folsom on business over the weekend.

**AT PARENTS' HOME**  
HERBERT OBEXER, Stanford U. student, son of the JAKE OBEXERS of Homewood, enjoyed the weekend at the home of his parents.

**WEEKEND AT TAHOE**  
DR. E. RUDKIN and family of Tracy spent the week end at their Tahoe home in Timberland Tract. While here they enjoyed some successful fishing in the Truckee.

**MOVING TO OHIO**  
MRS. DONALD ENFIELD, JR., and 10-months-old son DAVID, who have been visiting with her mother, MRS. ELISS HINKLE, of Bittercourt Tract for the past month, were joined a week ago by her husband and his grandmother, MRS. JENNIE ENFIELD, of Hollywood. Mrs. Enfield, Sr., was on her way to Nebraska, but stopped off at Tahoe for a two-day visit before continuing on her journey. The Donald Enfields will leave within a few days for Cleveland to make their future home. Mr. Enfield to be employed as an aeronautical engineer in that city.

MISS MARILYN HINKLE, who

## FRIENDS MOURN PASSING OF OLGA MAYHEW, EARLY-DAY TAHOE AREA RESIDENT

TAHOE CITY, May 7—The death of a Tahoe pioneer, was made known here this week. Mrs. Olga Mayhew, better known in this area as Bennie, died in Alameda on April 25th. Funeral services were held Tuesday, April 28.

Mrs. Mayhew was born in San Francisco in 1864 to Mr. and Mrs. John Schippen of that city. When she was very young they moved to Guaymas, Mexico, where they lived for seven years. Later they returned to the bay city where Bennie grew up and was educated, having chosen nursing as a profession.

In 1897 Bennie came to Glenbrook, which was at that time a Nevada logging center. Later she moved to Tahoe City where she first set up a small business adjoining Tahoe Inn. This first rude structure later became a thriving business known as Bennie's Inn.

In 1916 she married William Mayhew who was employed at Tahoe Inn. She remained at Tahoe until three years ago at which time she was advised by her doctor to seek a lower climate.

Mrs. Mayhew is survived by her husband, two daughters, Mrs. C. Trickey of Alameda, and Mrs. Joe Kin of Kings Beach. The loss is felt deeply by Tahoe friends.

Mrs. Mayhew acquired the nickname of "Benny" when she was married to her first husband—Mr. Benfeldt—a member of a pioneer Forest Hill family, who passed away in 1907. He was the father of Mrs. Mayhew's surviving children and another daughter, "Ollie" who died several years ago.

## Tahoe Home Guard Unit Captures 'Enemy' Force

TAHOE CITY, May 7—The Tahoe squad of the Placer County Rifles Sunday held maneuvers in the woods on the shore of the lake under the command of Game Warden Bill LaMarr, local commander. The umpires adjudged the stalk and assault as success against an "enemy" force of 25 or 30. Five of the home guards were ruled as casualties. According to LaMarr, the entire project went off with military precision and was taken seriously by all participants.

**MECKS BAY**—Mrs. Wm. Warwick returned home on Tuesday from Oakland. She is still using crutches, having been laid up for three months after seriously spraining her ankle. Charles Heller of Meeks Bay is overseeing a general renovation of concessions at that resort. It will open around May 5.

A modern American interceptor plane can climb to an altitude of 35,000 feet in seven minutes.

has taken an office position in San Francisco, spent the weekend at her mother's home before the departure of her sister, Sue, and family for the east.

**WEDDING IN RENO**  
A wedding of local interest took place in the Presbyterian parsonage in Reno on Saturday when MISS FLORENCE MUNTER of San Francisco was united in marriage to GEORGE GARBUTT of Oakland. REV. CASE officiated and little ANNE MARIE HULL, daughter of the W. H. HULLS of San Francisco was ring bearer. The bride is a sister of MRS. W. W. HULL and is a former resident of Tahoe City. Also present was MRS. LETA HULL of Tahoe. The young couple will make their home in Oakland.

**BACK AT LAKE**  
MR. and MRS. CHRIS NIELSEN of Tahoe Park arrived on Sunday to open their home for the summer season after having spent the winter months in Reno.

## TAHOE CITY SCHOLARS PRESENT PROGRAM AT SCHOOL ON THURSDAY

TAHOE CITY, May 7—Students of the Tahoe Lake Schools, both high and grammar grades, joined in presenting an entertaining program for the parents in the school auditorium on Thursday evening. The school orchestra, under the able direction of Otto Fox of Auburn, presented three selections... "Cavalier", "Sleeping Beauty" and "Flying Flying Colonel."

A playlet, depicting the need of raising money for the prosecution of the wars from the time of General Washington to present day conflicts was presented under the title "You Can Count on Us." Leading characters were portrayed by Billie Callender, Dick Carnell, Dick Hinkle and Lee Stoddard.

A duet was sung by Joyce Palmer and Annie Gallerani which won general acclaim. Scenes from the lives of Red Cross nurses were depicted in pantomime by Edna Wheat, Minola Tackett and Shirley Moore with Lee Stoddard and Jackson Palmer serving as their patients.

The primary grades, under the direction of their teacher, Mrs. J. Dyer, offered a number of songs in chorus. Mrs. Myrtle Gallinger, who directed the evening's entertainment, was responsible for the fine efforts made by members of the grammar grade division.

Mrs. Bliss Hinkle introduced the speaker of the evening, Orrin Lowell, newly appointed high school trustee, from Auburn. His talk was entertaining and in spots, amusing. The meeting came to a close with the singing of the National Anthem.

A side light of the playlet was the soldier's uniform worn by Lee Stoddard, who borrowed it from his dad, A. C. Stoddard, who wore it during service in the first World War.

## Homewood Pioneer Called By Death Recently

HOMEWOOD, May 7—Word has been received at Tahoe of the death a week or more ago of Mrs. Mary A. Munfrey, wife of Captain Munfrey of Snug Harbor, Homewood. Mrs. Munfrey's passing will be regarded with sincere regret by a large circle of friends who each summer have tarried during vacation time at her hospitable lakeshore home. Details of her passing are not available here but the sympathy of the Tahoe region is extended the family of this early-day pioneer who for so many years has made Homewood her place of summer residence.

Mr. and Mrs. Jack Malcolm, who wintered in Sacramento, are at Tahoe for the summer.

## Tahoe Briefs

TAHOE CITY, May 7—The Tahoe branch of the Placer County Library recently sent 20 boxes of books to the county library in Auburn to be mailed to the men in service. Other individual gifts are being sent out to the boys under the supervision of Librarian Anne Anderson.

Mr. and Mrs. Charles Heller of Meeks Bay are planning an exhibit for the H&W Club of Meeks Bay in June. Mrs. Heller's hobby is old art and literature, including dishes from 100 to 500 years old. Heller has over 80 pipes collected from all over the world.

Mr. and Mrs. L. C. Baker are at their Meeks Bay home. They plan to open the restaurant there around the middle of May.

Mrs. Lillian Nease of Tahoe City has left for San Francisco where she accepted a position as bookkeeper with the Howard Company.

Mr. and Mrs. Willis Hevel have moved from Tahoe City to Emerald Bay where Hevel will work for L. J. Knight.

Mr. and Mrs. Hobart Huston and son, Niel, were the week-end house guests of Mr. and Mrs. Robert Huston of Tahoe Park.

Mrs. W. A. Simmonds was hostess at an afternoon bridge tea on Tuesday at her home here. The occasion honored the opening of the spring season. The tables were adorned with pink candles and flowering manzanita. Guests included the Mesdames Henry Worden, E. W. Bliss, A. M. Henry, N. R. Mayfield, A. C. Ables, J. P. Obexer, R. H. Watson, A. M. Anderson and G. W. Atherton. Mrs. Atherton held high score at bridge.

## Lone Boatman Rescued From Watery Grave On Sabbath

TAHOE PINES, May 7—Constable Harry Johanson of Tahoe answered an emergency call on Sunday, about four in the afternoon, which sent him, siren wide open, to the Sweetland cottage on the lakeshore near Tahoe Pines.

Arriving, he and Len Harris of Orinda, hurriedly manned a small moat and went to rescue of Ted Beckett, well-known football player of Moraga Hills, who had decided to go for a boat ride alone on the lake at the height of the wind storm. The small craft was caught in a squall and swamped about quarter of a mile from shore. Both boat and man were nearly submerged from sight when the constable reached the scene, the water being some 500 feet deep at this point. The victim was hauled in and taken to shore where Constable Johanson administered first aid and rushed him to bed, little the worse for his narrow escape.

The two young men, prominent in bay area circles, were weekending at the Sweetland cottage.

**Don't think we are happy about the tire shortage!**

We've heard people say, "The railroads are pretty lucky. Pretty soon tires will begin to wear out and people will have to travel by train."

Well, we aren't very happy about it.

In the first place, we don't like the idea of people riding on our trains because they have to. We'd rather have them travel by train because they want to.

Second, we've always felt that there's a time and place for the automobile, and a time to take the train. Most of us in the Southern Pacific have automobiles, so we're affected by the tire situation, too.

And in the third place, we know that any business we get as a result of the war is only temporary. In the long run our success will depend upon the service we give.

At present it is difficult to serve you as well as we would like to because of the absolute necessity of giving priority to war traffic. War trains—the Victory Trains—come first.

But if you do travel with us to save your tires, we'll do everything we can to give you a pleasant, comfortable trip.

### Official U. S. Treasury War Bond Quotas For May

The above map of California shows the War Bond quotas, by counties, for the month of May, 1942. Total War Bond quota for the State is \$40,011,100. Every income earner in the State is expected to step-up War Bond purchases on a basis of ten per cent or more of income. This is necessary to help America's armed forces take the offensive against the Axis powers. The American voluntary method of War Bond purchases must be successful in reaching the quotas set by the Treasury Department for every county in the nation. The job of every American now is to stop spending and save dollars to help win the War.

### Tahoe School Trustees Unopposed For Re-Election

ROSEVILLE, May 7—Placer County Superintendent of Schools Elwyn H. Gregory announced the following as school trustee candidates at the coming election on May 15 in the Tahoe-Sierra region:  
Kings Beach—Andrew E. Sorenson.  
Tahoe Lake—Jay Schumacher.  
Donner Trail Joint—J. O. Jones, Louise Hooley.

### Mail Delivery System Around Lake Expanded

TAHOE CITY, May 7—A new mail delivery contract for around the lake post offices is a testimony to the ever-increasing lake population. Effective July 1st, the new contract outlines the service as the same as last contract up to Oct. 1st, at which time mail for south end post offices from Glenbrook, Nev., to Richardson inclusive, will arrive by Carson City on a separate contract. Beginning Oct. 1st, Kings Beach will receive a six-day week service until May 1st, 1943. Around the lake deliveries will be tri-weekly during winter months. From May 1st to Nov. 1st Sunday deliveries between Truckee and Tahoe will be increased by four Sundays. All other post offices 12 miles north and south of Tahoe City will receive tri-weekly mail as before. South end reports show that tri-weekly service in winter has been increased on the new contract to six days a week.

## MOVIES

AUTHENTIC PLAYERS TO BE  
SEEN IN DONNER FEATURE

Practically every French player in Hollywood was employed in scenes of Universal's "Paris Calling", which comes Saturday, May 9, to the Donner Theater and which presents the famed European star, Elizabeth Bergner in her first American made picture.

The story, which deals with Paris immediately after the invasion, used nearly a hundred "bit roles" in the telling. Edwin L. Marin, the director, and Benjamin Glazer, the producer, insisted upon having authentic French types for these portrayals.

Randolph Scott, who co-stars with Miss Bergner, is seen as an American pilot with the RAF.

"THE MALE ANIMAL" SLATED  
TO SHOW HERE SOON

"The Male Animal," an uproarious comedy which had a very successful run on the Broadway stage last season, has been transferred to the screen by Warner Bros., and is coming to the Donner Theater on Wednesday next week. In the starring roles are Henry Fonda, Olivia de Havilland and Joan Leslie. Elliott Nugent, who acted in and was co-author of the stage play, directed the film.

DOROTHY LAMOUR FILM  
HERE ON MAY 10

Hollywood's hottest sax is played by Jimmy Dorsey in Paramount's nautical musical comedy, "The Fleet's In", starring Dorothy Lamour, William Holden and Eddie Bracken. Fighting gobs and lovely girls galore introduce many new hit tunes in the show coming to the Donner Theater on Sunday, May 10.

San Francisco has 18 Red Cross disaster relief stations.

## Truckee Red Cross Report

by REV. G. J. E. KEETCH  
(Chairman, Truckee Branch, Nevada County Chapter, American Red Cross)

Notable among the achievements of the Red Cross in Truckee during the last six months is the training in First Aid and Home Nursing.

A home nursing class with capacity enrollment just completed its work last Tuesday under the leadership of Miss Laura Loucks, Nevada County Public Health Nurse.

F. W. Gaennie has conducted a class in the Standard First Aid course; W. H. Laity has conducted two classes; Miss Anna Marie Munro has conducted a class and Mrs. Henrietta Waaks is conducting a class. Laity has conducted a class in the Advanced Course, and is working with Gaennie on plans for a second Advanced class in the near future. C. M. Matson is planning a Standard Course for telephone company employees at Lake Tahoe. Through the efforts of Laity, Ray Strain, a field worker of the Red Cross, was sent to Truckee to conduct a Lay Instructor's Course which was well attended by Truckee and Tahoe people.

As a result of this work, Truckee has approximately one hundred persons trained in First Aid, among

whom 15 are qualified instructors.

Between January 1 and April 28 the Production Department has completed for the Army and Navy 58 sleeveless sweaters, 4 turtle-neck sweaters, 11 helmets, 6 mufflers, and 2 cap-mufflers. For civilian relief they have completed 37 sleepers, 50 rompers, 9 snow suits, 5 scarfs, 20 dresses, 3 shawls, 41 pairs of socks, 4 infant blankets and 13 infant shirts. For the local emergency closet they have made 8 sand bags for use with fractures, 36 triangular bandages, more than 500 gauze compresses, and a quantity of roller bandages.

Using the American Red Cross piece work time schedule and interpreting the 1900 hours into 40-hour weeks, this represents a total of more than one and two-thirds years of volunteer labor, or about five and a half weeks of donated labor for each week of actual elapsed time.

The manual training department of the high school is cooperating in the making of needed equipment for the emergency closet, while the grammar school is working on other projects, notable among which is the furnishing of an active messenger service.

The report of the treasurer showed that from the 1941 Membership Campaign the Truckee Branch had retained \$124, and had remitted to the American National Red Cross \$97 from the War Drive 15 per cent, or

\$61.90 was retained in Truckee, and \$350.72 remitted to the National Red Cross. The report of the Branch Treasury for the period August 16 1941, to April 28, 1942, follows:

RECEIPTS:	
Balance on hand	\$60.81
High School Contribution to Junior Red Cross	3.00
From Jars in Business Places	25.85
From Membership Campaign	124.00
From War Fund Drive	61.90
From Sale of First Aid Texts	6.50
From Sale of Home Nursing Texts	4.50
Total Receipts	\$286.56
DISBURSEMENTS:	
Aid to Stranded Transients	\$32.80
Red Cross Magazines	1.50
National Junior Red Cross	3.00
Roll Call Expense	.50
Prize, Poster Contest at School	1.00
Postage, Express, Telephone and Miscellaneous Supplies	13.12
First Aid Texts	12.00
Muslin and Gauze for Local Emergency Closet	5.35
Yarn for Knitting of the Army	90.00
Total Disbursements	\$159.27
Balance on Hand	\$127.29
Bills Payable, approximately	\$7.50

Plans under way for a community salvage campaign are expected to bring funds into the treasury which will help to meet needs which are certain to present themselves. It is practically certain that funds now on hand will not be adequate to carry on present plans for the Branch for the balance of the year.

The first Russian cathedral in the United States is the Holy Trinity Russian Eastern Orthodox Cathedral in San Francisco.

## Labor Shortage is Threat To California Sugar Beet Crop, Says State Director

SACRAMENTO, May 7 —(U.P.)— California sugar beet growers stand to lose the crop on many thousands of the 178,000 acres they cultivate unless thinners can be found, the U. S. employment service said today in broadcasting an appeal throughout the state for nearly 2800 such laborers.

Ralph G. Wadsworth, California director, said need was most urgent in the Delta regions of the Sacramento and San Joaquin valleys. A shortage also exists in the Salinas Valley.

Wadsworth said that the wartime sugar production situation increased the importance of securing such labor.

More than one-fourth of Great Britain's airplanes now in service in the Near East are from the plants of the American aircraft manufacturers according to one of Britain's highest ranking air chiefs, and more than 10 per cent of the warplanes defending the British Isles are of United States origin.

## Bond Buyer Superior

SACRAMENTO, May 7 —(U.P.)— If Dr. Fred J. Conzelman of the all war bond buyers, the government would have no trouble in oversubscribing the quota.

Dr. Conzelman is paid \$295 per month, plus maintenance for himself and family. The state deducts \$24.07 per month for the state retirement system. And he voluntarily authorized deduction of \$262.50 per month for the purchase of war bonds.

This leaves him a total of \$843 out of his month's salary.

## North Tahoe News

Mr. and Mrs. Charles Vanderploeg and daughters, Linda and Cherill, returned Sunday to their home from Carson City, Nev., where they spent the winter.

Mrs. Violet Laughlin is adding a new wing to her restaurant.

Herbert King, who has been working in Reno, is now working here.

Bud Mandeville came from Luning, Nev., over the weekend, returning late Sunday, accompanied by his brother, Walter Mandeville.

George Steinheimer of Auburn is visiting at the D. C. Barnett home.

Pearl Gallerani of Crystal Bay is fast becoming a promising bowler. Her score of 214 bowled at Tanevaho recently proves that.

Mrs. Jessie Donnally returned a

week ago from Seattle, Wash., where she spent the winter. She also enjoyed a two weeks visit with her son in Pendleton, Ore.

Harry Comstock left for San Francisco on Monday to recuperate from a severe cold.

Open house was held Friday, May 1, at the Kings Beach School with a record crowd in attendance. The program opened with the Flag Pledge led by Dale Burt, America and God Bless America were sung by the assembly. Norman King entertained on the accordion with three numbers and Irene Gallerani did two vocal selections. Marlynn Toler played a piano solo and several humorous stories were told. A radio skit was presented featuring Barbara O'Brien, Marlynn Toler, Norman King, Jim Astle and Borue O'Brien. A piano duet was played by Irene Gallerani and Teacher Marion Wittman. Several articles were exhibited on 100 year old donated by Mrs. G. Ellyson and Mrs. A. Sorenson. Among the articles was a child's rocking chair, silk wedding stockings, lace mitts, and a history of the Donner Party. Awards were given to Jim Astle, Norman King for best airplanes models. Irene Gallerani and Barbara O'Brien received awards for their sewing and handwork. War stamps were given as awards. Tea, cake cookies and fancy open faced sandwiches were served to those in attendance. A majorette drill by Barbara O'Brien, Marlynn Toler and Irene Gallerani.

Fred Powers was in bed for a few days with a bad cold but is now on the road to recovery.

## Changes Made For Tahoe Warning Post

TAHOE CITY, May 7—The special meeting called on Monday night at the Tahoe Community Center was conducted by Clarence Vernon, new chief observer for the Tahoe branch of the Aircraft Observation Service. During the evening 22 men and 14 women signed the roster for voluntary airplane observation service.

Discussion during the session made it clear that those present were more than willing to do their part for this branch of Uncle Sam's voluntary service, but there were many residents who did not attend. The group will embrace all residents living as far south as the Pomin's Resort county line and to the north end of Tahoe as far as state line.

It was decided that the men would take chage of the night watch and women the daytime service. A standing vote decided that a six-hour watch, less frequently, was preferred by the men to a four-hour period more often.

John D. Burns, who served as chief observer all winter, turned his post over to Vernon as the press of summer work will carry him far afield for some months hence, making him unavailable in an emergency. Highest praise was given him by his townsmen who declared his efficiency in this job a real model of patriotism.

In order to spread the news of another meeting on May 12 at the Center at 7:30 p.m., Mrs. Werner has volunteered to make and place large posters at the various post offices and Otto Rempfer donated 50 cents to be used to purchase postal cards which will be sent those failing to make an appearance at Tuesday's meeting.

## To Dunsmluir—

Mrs. G. J. E. Keetch left Monday morning for Dunsmluir to visit her son-in-law and daughter, Mr. and Mrs. Robert F. Morris, and her new grandson.

## Returns to Alaska—

Mrs. Oscar Fravel, who has been visiting her brother, Rev. G. J. E. Keetch, left Monday to return to her home in Fairbanks, Alaska.

## Here from Hanford—

Mr. and Mrs. C. P. Goode of Hanford, where the former is associated with the state department of agriculture, were visiting here this week with friends and relatives.

## Attend Graduation—

Rev. G. J. E. Keetch and sons, John and George, were in Berkeley Tuesday evening to attend the exercises when the local clergyman's daughter, Mary, was graduated from the Berkeley Baptist Divinity School.

## To Illinois—

Mrs. Mel Hayes and children will be visiting relatives in Illinois for a few weeks.

## Woman Sues For Car Damage Done In Garage

Herstle Jones, proprietor of Rain-bow Tavern on Highway 40, has been sued for \$1,675 damages by Clara Jones of San Francisco, who asserts that damage was done to her automobile while it was stored in the tavern garage.

Mrs. Jones states that water, which was allowed to freeze in the car caused an estimated damage of \$675 and she asks \$1,000 for loss of use of the car.

## On Vacation—

Miss Menia Moretta, assistant cashier of Truckee branch, Bank of America, started on her two weeks vacation last Saturday. Deno Benedetti is doing her work during the interim.

## Resigns Local Job—
